

PRJ-02: Nonprofit Research Institute — Cloud ERP Modernization

Nonprofit research & education institute · 2022 – 2023

Client	Nonprofit research & education institute
Period	2022 – 2023
Contract value	\$2,100,000
Meridian role	Prime contractor

Summary

Replaced fragmented legacy finance, FP&A;, and grants-administration systems with a unified cloud COTS ERP, including HR/payroll and travel/expense integrations.

Scope Delivered

- Cloud ERP selection and implementation (finance, procurement, grants/fund accounting).
- Fund classification controls per 2 CFR 200 and FASB ASU 2018-08.
- Integrations with payroll/HRIS, banking/ACH, and a fundraising platform.
- RBAC, PII handling, and SOC 1 / SOC 2-aligned controls.

Technologies

NetSuite / Sage Intacct, REST integrations, SSO, ACH/e-payments.

Outcomes

- Eliminated duplicate manual reconciliations across 5 legacy systems.
- Monthly close shortened from ~15 days to 5 days.
