

PRJ-03: Regional Health-Data Nonprofit — 24x7 Cloud Infrastructure MSP

Regional health information nonprofit · 2023 – present

Client	Regional health information nonprofit
Period	2023 – present
Contract value	\$900,000 / year
Meridian role	Prime contractor (MSP)

Summary

Provides 24x7x365 managed services for cloud infrastructure supporting HIPAA-regulated health data workloads, including monitoring, patching, backup/DR, and security operations. Delivered entirely by U.S.-based staff.

Scope Delivered

- Dedicated account manager and tiered 24x7 support with severity-based escalation.
- 99.95% uptime SLA, proactive monitoring, and patch management.
- Backup and disaster recovery with documented RPO/RTO.
- HIPAA Security Rule controls and signed BAA. (Client environment is not HITRUST certified.)

Technologies

AWS, Terraform, CloudWatch/Datadog, Veeam, HIPAA Security Rule controls.

Outcomes

- Sustained 99.97% measured uptime over trailing 12 months.
- Zero reportable security incidents to date.
