

PRJ-04: State Workforce Agency — AWS Migration (6 R's)

U.S. state workforce agency · 2021 – 2022

Client	U.S. state workforce agency
Period	2021 – 2022
Contract value	\$3,000,000
Meridian role	Prime contractor

Summary

Migrated 60+ applications from on-premises data centers to AWS using the 6 R's framework, with wave planning, landing-zone design, and cutover execution.

Scope Delivered

- Discovery, dependency mapping, and migration wave planning.
- AWS landing zone and Well-Architected remediation.
- Rehost / replatform / refactor decisions per application.
- Runbooks and knowledge transfer to client operations.

Technologies

AWS, Terraform, CloudEndure, Kubernetes, CI/CD.

Outcomes

- 60+ applications migrated on schedule with no critical data loss.
- ~28% reduction in annual infrastructure run-rate.
